Pavement Repairs, Lane Closures in Dolton

CHICAGO - The Illinois Department of Transportation announced that a pavement repair project on 142nd Street/Main Street between Indiana and Dolton avenues in Dolton is scheduled to begin, weather permitting, on Sept 26.

The improvements consist of intermittent pavement repairs, such as pavement patching, milling, and resurfacing, with curb, sidewalk and sewer upgrades. The project could require reducing the roadway to a single lane of traffic with flaggers present during the daytime hours where construction is taking place.

The anticipated completion date for this project is Nov. 26.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Find details on other construction projects in IDOT's District 1 at <http://goo.gl/upgvZu>. Updates on the impacts to traffic are available at www.travelmidwest.com.
